

## **Falcon Point Capital Continues to Grow its Asset Base, Adding Several New Separate Account Clients and a Relationship with a Major Investment Bank in the Past Several Months**

SAN FRANCISCO, August/PRNewswire/ -- Falcon Point Capital, LLC of San Francisco announces today that it has received several new separate accounts into its Small Cap Growth Strategy. Included in these new accounts are large state pension plans, charitable trusts, and a new relationship with the wealth management platform of a major global investment bank.

Falcon Point Senior Managing Director Michael Mahoney said, "Our positive results over the past years, combined with a growing asset base are attracting significant interest in our capabilities." Senior Managing Director James Bitzer said, "Falcon Point is pleased to be selected by these new entities to manage a portion of their equity allocation. Small and micro cap stocks are the least efficient segment of the U.S. equity markets and an ideal area for active management."

Both Falcon Point's Small Cap and Micro Cap strategies have produced returns above their benchmarks since their inception dates and are open to new investors.

### **About Falcon Point Capital, LLC:**
